 Call for volunteers
 Tasks
 Schedule

Notes:

Housekeeping

1. Vote on proposed co-lead structure

Tom Elder – FIT Co-Lead (address focus)
 Matt Williams – FIT Co-Lead (buildings focus)

Clear majority in favor of proposed co-lead structure. Proposed co-leads will be added to OGIC’s agenda for formal endorsement in July.

2. Framework Teams Channel for the Addresses and Buildings FIT and Standards Workgroups

The Framework Program is testing out Microsoft Teams as a potential solution to facilitate collaboration within Framework Implementation Teams (FIT). At this time Addresses and Buildings FIT is one of two themes testing Teams. The Framework Teams Channel can be accessed through a web browser by using the links below. Please note, that this does require an account setup process. If you’d like to have an account setup, please reach out to Melissa Foltz, Framework Coordinator (melissa.foltz@das.oregon.gov).

Building Footprints

Presentation by Matt Williams, DOGAMI

Oregon Building Footprints, Developing a comprehensive dataset of building footprints

[Download Presentation](#)

Framework Standards Development Process

Overview of Framework Standards process and Address Point Standard timeline. Address points standard process is expected to deviate from the standard process outlined to include the Oregon Geographic Information Council Technical Advisory Committee in the reviews and to request a recommendation prior to the OGIC endorsement.

Address Points Standard Workgroup

Workgroup meetings will be scheduled the 3rd Tuesday of each month.

First meeting is expected June 18th.

Anyone interested in participating in workgroup meetings should contact Tom Elder, FIT Co-Lead (tom.elder@das.oregon.gov).
