

Joint GPL-TAC Meetings Notes - FINAL

Sept 12, 2023

R. Sounhein scribe

1.) Roll Call and Introductions

DAS/GEO: Melissa Foltz, Tom Elder (also TAC), Willow Crum, Rachel Smith, Dave Mather

Business Oregon:

DHS: Ismael Padin Dujon

DLCD: Tanya Haddad

DOGAMI: Lisa Reinhart

DOR: Thom York, Phil McClellan

DSL: Randy Sounhein

Esri: Lacey Summers, Helen Thompson

INR: Myrica McCune

ODA: Diana Walker, Jen Ambrose

ODEQ: Malavika Bishop

ODF: Steve Timbrook

ODFW: Jon Bowers

LPRO:

ODOT: Phil Smith (also TAC)

OEM: Daniel Stoelb

OHA: Eric Main

OMD:

SOS:

OPRD: Brady Callahan (also TAC)

OSFM:

OSMB: Joe Severson

OWEB:

OWRD: Bob Harmon (also TAC), Tad Larsen

OGIC-TAC members: Joe Gordon (Metro), Tim VanDeWalle (Yamhill YCOM 911)

2.) Announcements

- a. Planning GIS Day.
 - i. Hybrid status might affect the day.
- b. Long Session Ro tundra Nov 2023 – how to reserve.
- c. ESRI – Lacy
 - i. ArcGIS Insights is now available.
 - ii. Involved in a Partnership with Earth Cache.
 1. Free Imagery ad-in for ArcGIS Pro

3.) GEO/OGIC Update

- a. Rachel – Thx for reducing AGOL content.
 - b. Continue to publish to GeoHub.
 - i. *Note: See Rachel for updated list of data*
 - ii. *Updates are ongoing etc.*
 - c. The Statewide Parcel Pilot Project has been launched.
 - i. Working with Counties for statewide taxlots
 - ii. Looking to have ¼ dataset updates.
 - iii. The plan is to remove data sharing agreement.
 - d. Imagery Portfolio – having a panel discussion on the Imagery market.
 - i. *Note: This is not about the statewide NAIP imagery*
 - e. OGIC will have vendor Booth at the NW GIS User conference to provide better outreach to the GIS community around the state.
 - f. Data Sharing Governance committee continue work on Framework Grant
- 4.) DEQ Water Quality Permitting Program:
- a. MLRR’s Water Quality Program Nexus at DOGAMI which helps to administer DE permitting. Use GIS for inspection as follows:
 - i. Where are we going?
 - ii. Prepare maps.
 - iii. Conduct inspection – averaging 24-30; total of 240 statewide 240 permits.
 - iv. Download the data – create PDF from map and import into Avenza.
 - v. Look at the data.
 - vi. Extrapolate the data.
 - vii. Create report.
 - viii. Enforce compliance with permit. GIS provides material to help with the enforcement process. Permit requires a map.
 - b. How is data from DEO accessed? DOGAMI creates their own data which is the uploaded to DEQ online. Thus, DEQ utilizes DOMAGMI data.
 - c.
- 5.) Framework Update
- a. Melissa Foltz
 - i. Framework Forum, 9:00am to 3pm, October 24, 2023,
 - ii. Northwest Wine Studies Center, Chemeketa Eola, 2015 Doaks Ferry Rd, Salem, OR, 97304,
 - iii. Updated agenda – check it out.
 - b. Working with TAC Recommendation on Framework Elements.
 - i. Trying to get elements updated in time for OGIC approval.
- 6.) ArcGIS Business Analyst – Helen Thompson
- a. Vision – uses GIS and technology to make smarter data-driven decisions.
 - b. Works with:
 - i. Experience Builder
 - ii. Web AppBuilder
 - iii. Story Maps
 - iv. Dashboards
 - v. Pro

- vi. Living Atlas
- vii. AGOL
- c. Can us Chat GPT to help implement API workflows, geocoding, and routing.
- d. Originally designed for use in real estate and finance but has been expanded to support gov application (e.g.: economic development to disaster recovery, healthcare).
- e. One can think of Business Analyst as a publishing tool that can visualize and understand data. What would probably take a month to do in ArcGIS Pro can now be done in Business Analyst in an hour.

7.) Round Table

- a. DLCD – nothing
- b. DOGAMI – nothing
- c. Revenue –
 - i. Met with DAS Geo on Parcels kick off project.
 - ii. Tech Tools group meeting is coming up on Nov 2, 2023. Agenda to come ...
 - iii. Got ArcGIS Enterprise stood up – changes related to Public facing Web Adapter and older MS Server.
 - iv. Want to move to ArcGIS Pro 3.1 and Enterprise 11.1
- d. State Lands
 - i. Looking to move to Enterprise 11.1
- e. INR – nothing
- f. DOA -Finalizing their GIS Strategic Plan, and Wrapping up Field Season
- g. DEQ – Looking to go to Enterprise 11.1 and move away from Geocortex.
- h. ODF – nothing
- i. ODFW
 - i. Reviewing the ESH dataset that will be given to DSL in Oct 2023
 - ii. Migrating to ArcGIS Pro and away from ArcMap.
 - iii. Looking to reduce advanced license use.
- j. ODOT
 - i. 43 active projects.
 - ii. Working to migrate over to Enterprise 11.1
 - iii. Change Management class was helpful.
- k. OHA
 - i. Real busy ...
- l. OWRD – nothing
- m. OMB – nothing.
