This is a detailed topographic map of the Hood River, Oregon area. The map shows the Columbia River Gorge National Scenic Area, Hood River Valley, and surrounding towns like Astoria and Seaside. Key features include:

- Geographical Features:** The Columbia River is prominent at the top, with the Hood River flowing through the valley. The map shows various hills, mountains, and valleys, including the Hood River Valley and the Columbia River Gorge.
- Towns and Settlements:** Hood River is the central town, with other settlements like Astoria, Seaside, and Cannon Beach visible. The map also shows smaller communities like Warrenton and Troutdale.
- Topography:** Contour lines are used to represent elevation, with major contours every 100 feet. The map shows a mix of high and low elevations, with the highest points in the area being in the mountains surrounding the valley.
- Infrastructure:** The map shows a network of roads, including major highways like I-5 and I-305. It also shows the locations of bridges, tunnels, and other infrastructure.
- Water Features:** In addition to the Columbia and Hood rivers, the map shows several lakes, including Lake Hood, Lake Lewis, and Lake Mead. It also shows various creeks and streams.
- Map Details:** The map includes a grid system with latitude and longitude coordinates. It also shows various symbols for different types of features, such as buildings, parks, and historical sites.

Non-National Forest System lands within the National Forest Inholdings may exist in other National or State reservations

This map is not a legal land line or ownership document. Public lands are subject to change and leasing, and may have access restrictions; check with local offices. Obtain permission before entering private lands
